

HDMI Type C Mini Female Receptacle Breakout board

BRK-HDMI-C

Connector Type:
HDMI Type C recept.

Mounting Holes:
4-40
Plated through

Features:
Shield access,
Impedance Matched
All 19 pins accessible

Material:
FR-4, gold plated

PCB Thickness:
0.062" (1.57mm)

Form Factor:
1.20" x 0.67"
(30.48mm x 17.02mm)

Height:
0.188" (4.77mm)

The BRK-HDMI-C is a breakout board designed for adding a HDMI 2.1 compatible Type C Mini female receptacle connector to any prototyping or DIY project.

A standard 0.1" pitch, 20-pin header can be soldered to J2 allowing developers access to the 19 HDMI signals and the connector shield.

Plated mounting holes allow the board to be mounted and secured easily into any project.

External Connectors:

HDMI Type C receptacle J1
0.1" Connector (Not Populated)..... J2
